- Anime

PROFILE

I am a passionate programmer with over 4.5 years of experience in the field. My journey in programming began at the age of 13, and since then, I have continuously sought to stay abreast of new technology trends and advancements. My goal is to adopt these innovations to deliver captivating and productive solutions. I have hands-on experience in developing Discord bots using discord.js and am proficient in Python as well as front-end technologies such as HTML, CSS, and Bootstrap.

Currently, I am leveraging my skills as a Junior Odoo Developer at AARSOL, where I am involved in developing and enhancing various modules using the Odoo web library. My dedication to programming and continuous learning drives me to create efficient and impactful software solutions.

WORK EXPERIENCE

AARSOL

JUNE 2023 - PRESENT

Junior Odoo Developer

- Recruitment Portal:** Developed a comprehensive recruitment portal to streamline the hiring process, facilitating better candidate tracking and management.
- Employee Appraisal Module:** Created a module to automate and enhance the employee appraisal process, ensuring efficient performance reviews and feedback management.
- E-Office:** Developed an E-Office solution to digitalize office processes, improving productivity and operational efficiency.
- Utilized the Odoo web library to develop and customize various modules.
- Collaborated with cross-functional teams to understand requirements and deliver high-quality solutions.
- Continuously learned and integrated new technologies and methodologies to improve development practices.
